

CERTIFICATE

October 4, 1998.

To whom it may concern,

Mr. Uwe Hametner worked for NeuroNet & CASE*Technology from August 3rd until October 3rd of the present year as **Internet Developer Integrator**. His contractual terms and projects involved where determined by the short time he stayed in the country.

His responsibilities and duties where the following:

- Installation and configuration of a TCP/IP network on Windows NT 4.0 and Windows 95 platforms.
- Installation and configuration of Oracle Web Development Suit (including Oracle8, Oracle Web Application Server, Designer/2000).
- Development of Database programs, using Designer/2000, as Web Applications for Web Application Server.
- Design, development, and tune-up of the company's own Intranet Web site.

Mr. Hametner's professionalism was outstanding throughout all of his work, showing a very good attitude, friendly approach, and solid knowledge on the areas requested. We obtained great benefits from his flexibility and easiness to learn new material and apply the proper criteria to real-world solutions.

Our firm was very pleased with the results and recommends Mr. Uwe Hametner to any firm in the Information Technology business.

This certificate has been issued as per Mr. Hametner's request.

Felipe Manríquez Ortiz
Senior Project Supervisor
