TEST

RESULT

Covid-19 Antigen

Negative

Your antigen test resulted NEGATIVE. However, if you are experiencing symptoms or have recently been exposed to a person confirmed to have COVID-19, the CDC recommends confirming your negative antigen result with a PCR test. If you would like to confirm your antigen result with a PCR test, please return to the site and request a nurse administered nasal-pharyngeal PCR test. PCR tests can take 24-72 hours to process.
